Forming Your Committee

Your team is the heart and soul of your **playground project.**

Pick them wisely and build upon the foundations of community spirit. Working together, your shared mission of inspiring your youngsters through play will lead you towards success.

A hand holding a pen over a document with a checklist and a grid. The document has a checklist with several items, some of which are checked. The grid is a standard grid pattern. The background is a dark blue gradient.

Creating Your Strategy and Setting Your Goals

Every project needs clear-set objectives.

Aligning your ideas and preparing for the adventures ahead will help bring clarity and order to your project. Communicate your vision well and your whole community is bound to support you.

Gathering Community Input

Pick the brains of parents, children, and volunteers.

Including the members of your community in this process will create a feeling of ownership and pride. You'll gain a clearer idea of how to meet expectations, overcome challenges, and steer your project in the right direction.

Selecting Your Ideal Site

There's no place like your **ideal playground space!**

When choosing where to build your community area, think about spacing, safety, and convenience. Before falling in love with an idyllic spot, make sure there's easy access to the essentials like bathrooms and parking.

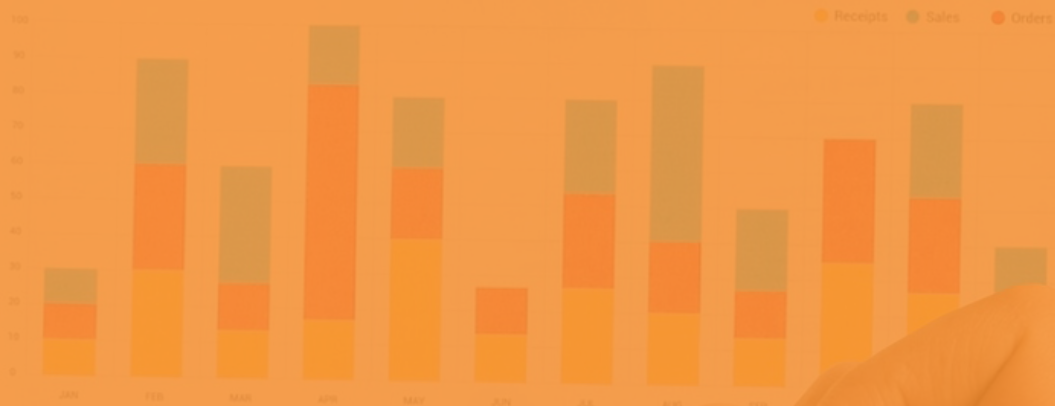

An overhead photograph of three business professionals in a meeting. A man in a light blue shirt is on the left, a woman in a dark blue top is on the right, and another man in a light blue shirt is at the bottom. They are gathered around a table with a laptop, papers, and a smartphone. The entire image is overlaid with a semi-transparent blue filter. The text "Consulting a Playground Guru" is centered in white.

Consulting a Playground Guru

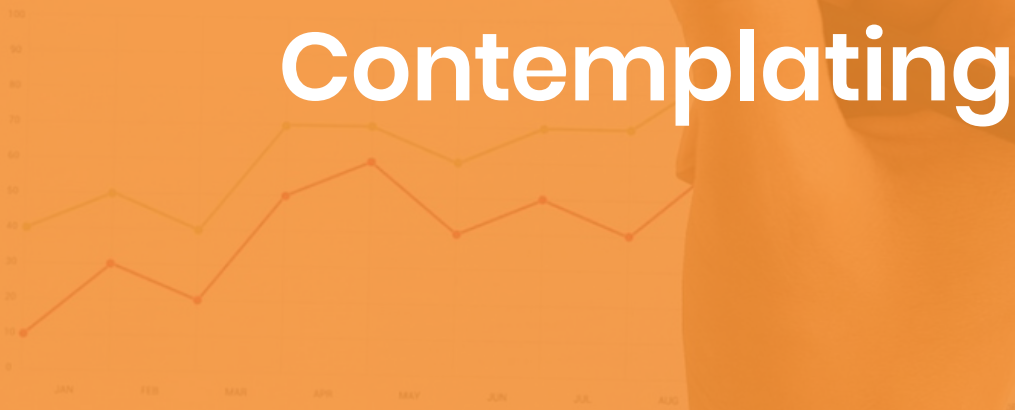

You don't have to carry the burden of playground planning alone.

Consult the experts, seek the advice of several companies, and ask for recommendations. With **the right playground partner** by your side, you can cut the workload, stress-levels, and challenges in half!

Contemplating the Costs

Keep your eyes on the prize! Ask your chosen playground partner for a quote.

Set your funding goals based on the ballpark figure. Then turn to your trusty team to begin executing a **winning fundraising strategy!**

Selecting Your Equipment

Here comes the fun part! It's time to select and order your **playground equipment.**

Review the 3D rendering and equipment list that your consultant shares with you and hand-pick your favorite pieces of magical play adventure.

A photograph of a colorful playground structure with slides and a tower, overlaid with a dark blue filter. The structure features a central tower with a conical roof and a flag, and two slides on either side. The background shows a park setting with trees and a building.

Installing Your Playground

Roll your sleeves up and get down to business!

Installing each part of your playground according to government safety guidelines is important. So whether you opt for a community-led build or turn to the experts, make sure there's someone on-sight who can supervise.

The background of the image is a solid, vibrant orange color. Overlaid on this background are several bursts of fireworks, rendered in a lighter, semi-transparent orange hue. The fireworks are depicted as numerous fine, radiating lines that form a starburst or spherical shape, characteristic of a firework explosion. The text "The Grand Opening" is centered horizontally and vertically in a bold, white, sans-serif font.

The Grand Opening

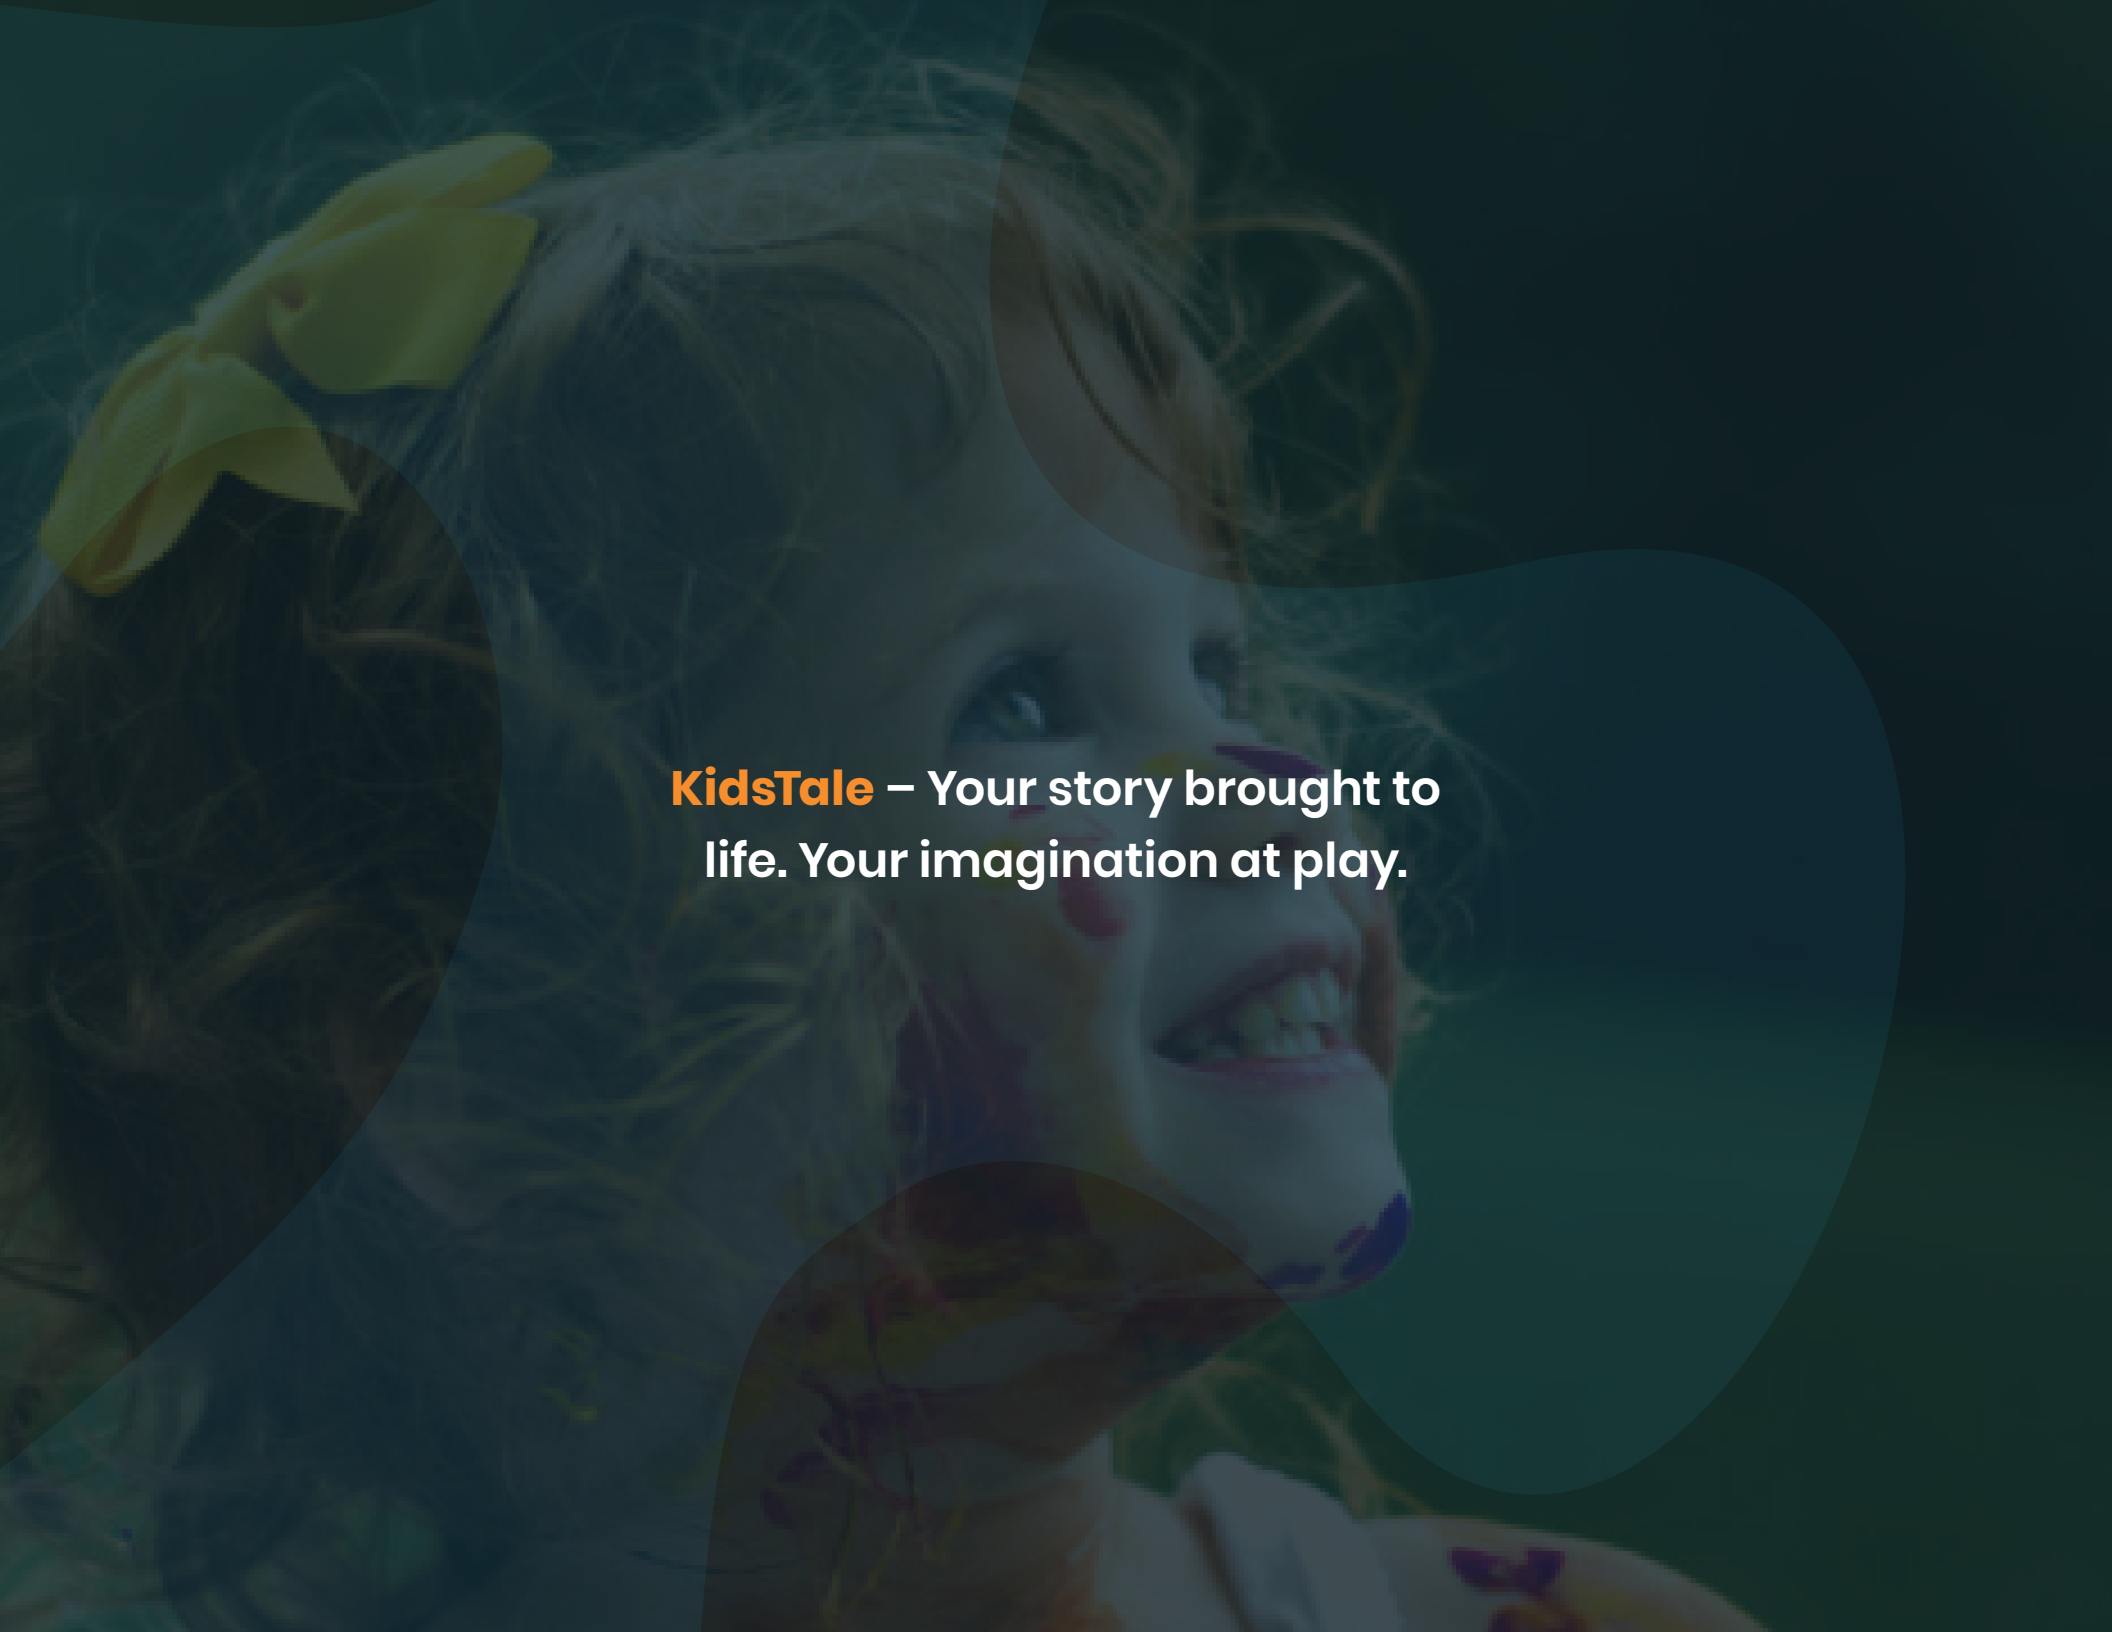

Let the celebrations begin!

Invite all the youngsters, make a fancy speech, cut the ribbon with a hop, skip, and jump of joy! You've just achieved something magical, so don't forget to give yourself and your team a big fat pat on the back! Then spread the word throughout the whole community and invite the local media along for the fun.
